PROJECTS

Discord Bot Dec. 2018 - Apr. 2019
A Chat/Entertainment/Utility Bot for the Discord application.

Portfolio Website Apr. 2019 - May 2019
A personal web page cleanly exhibiting all of my projects in a sleek design.

Pong Game Apr. 2019 - May 2019
My recreation of the classic game Pong, in which two players hit a projectile towards each other with the intention of having the projectile pass the other player.

Project GG June 2019 - Present
A collaboration on an application that uses the React framework to develop an intuitive and useful social media application tailored to fans of video games.

Portfolio Website II Jan. 2020 - June 2020
A complete recreation of my initial portfolio website with newer designs and technologies.

Capstone Project Sept. 2019 - Dec. 2019
A project for a start-up called Thought4Thought where I served as a Frontend Developer, and developed the layouts used in the web application.
